

Personas™ 85 Full-function exterior

- **Easy to use, easy to see**
- **Exterior use for non-stop access**
- **Expand your service offering**
- **New revenue opportunities**
- **Color customize to deliver brand recognition**

NCR's intelligent and highly functional Self-Service TouchPoints™ can turn your existing infrastructure into a strategic weapon. Our solutions help you to build better customer relationships, generate new revenue streams and migrate more transactions to a cost-efficient channel. Our web enabled Self-Service TouchPoints are the physical presence required for e-commerce fulfilment and mobile lifestyles. Making the virtual tangible.

The **Personas 85** offers key opportunities for expanding the self-service channel and making the most of what, for many people, is the main point of contact with their bank. It is a full-function exterior touchpoint, providing a range of services such as dispensing cash, cashing checks, paying bills, account inquiries, passbook and document printing.

As well as offering banks a convenient method of performing activities traditionally handled by the teller, there

is a clear opportunity for generating additional revenue by dispensing non-cash items such as stamps, tickets and coupons. The high quality graphic printers also allow for the easy inclusion of logos and other graphical images. The receipt printer can be used, for example, to print discount vouchers and the statement printer for loan agreements.

The design is the result of exhaustive research, development, and testing – so customers will find it convenient and easy to use with a large, highly visible color display. Importantly, since the **Personas 85** may be your customers' main point of contact, branding is also available. NCR offers a complete color

customization service to match and reinforce your brand identity wherever the location.

As well as being suitable for new installations, the **Personas 85** has been designed to provide an easy upgrade path from existing 5085 NCR ATMs.

The **Personas 85** is part of a comprehensive portfolio of Self-Service Solutions from NCR, focused on quality and reliability, on delivering an enhanced range of solutions for our customers, and an improved range of services for the consumer.

The **Personas 85** from NCR. Cash and more.
